Christie Chapman, Senior Planner
Comprehensive Planning Division
Department of Planning
P.O. Box 839966
San Antonio, Texas 78283-3966

Ms. Chapman,

In reference to the enclosed letter of request, the Selma Fire Department is not responsible for providing service to the subject area of interest. This area is currently served by the primary provider of Bexar-Bulverde Volunteer Fire Department. If requested, the Selma Fire Department would assist by responding with a Class A pumper with a 1250 gpm pump and 1000 gallons of water and/or a brush truck that carries 700 gallons of water. All Selma Fire Department personnel are dual trained in fire suppression and emergency medical skills. Should you desire any additional information, please feel free to contact my office.

Sincerely,

Scott Lee, Fire Chief
Selma Fire Department
